Pointers That indicate the General Feeling of the People.

GOOD ROADS — MORE BRIDGES

Mr. G. A. Atkins, of Milltown, was in our town last week and stated to a news man: I am glad to see you agitating the bridge and road propositions. I am heartily in favor of both, and hope that Adair county will build another bridge this year and also purchase a rock crusher. They are both needed and no mistake can be made along this line. The majority of the people are largely in favor of better roads and more bridges, and will cheerfully pay their assessments if the money is judiciously used. I hope these matters will be pushed to completion.

Mr. W. E. Frazer, Purdy, states: I am heartily in favor of making good roads and building substantial bridges. Both are indispensable to the welfare of the people of this county. I favor building a bridge at Neatville, at the earliest day possible. The ford is dangerous and often the river cannot be crossed. I am willing to pay my tax and make an extra contribution to secure this much needed improvement. We can probably secure as much as \$300, might get a little more, but our community is not so able to contribute as some others. It seems to me that the fiscal court ought to take this matter up and not require too much from our community. There is not a crossing in the county that would better serve the traveling public.

In conversation with Mr. W. A. Garrett, of the Glenville section, he said: I am not an enthusiast for bridges as our immediate section does not need them but I am not opposed to bridging the streams in our county where they are needed and while I do not feel like making an outside contribution yet I will cheerfully pay a reasonable tax for that purpose. I don't blame the people who need bridges to go after them in real earnest. As to roads our section is in the need and I heartily endorse any move that will better their condition. The grader has been worked on our roads and in places good has been accomplished, while in others the road has really been worsened. On the whole I do not believe that the grader alone can do what we need. Use the grader and follow with crushed stone, and we will make lasting roads. I believe that the magistrates ought to buy a stone crusher and feel certain they would have the hearty endorsement of a majority of our people. The roads are fearfully bad and demand all we can do to make them solid and substantial. I am for a crusher.

Capt. W. W. Bradshaw makes the following statement: There is not a man in this county more enthusiastic for good roads than myself. I believe we are nearing the beginning of a movement that will revolutionize matters in this county for it seems almost a certainty to me that our Fiscal Court will take up the question of making good roads. The overwhelming voice of the people is for better roads. I believe in levying the highest tax that the law will permit for the purpose of making substantial highways. Already the town Council has purchased a rock crusher and is arranging for its immediate use. Dirt, nor sand and gravel will not make a permanent road. It takes crushed stone, and the sooner we realize this, as a people, we will better understand what to do. I feel safe in saying that Columbia will demonstrate to the county the value of making substantial streets and roads, I favor bridges, but at present believe that we had better put our entire

plus means in working roads, and later take up the bridges. You may say emphatically, that I favor the purchase of a rock crusher for the county and trust that this may be accomplished at the April meeting. We must get out of the mud.

L. M. Wilmore, of Gradyville, states: I am in favor of good roads. I believe that stone of some kind ought to be placed on the grades. As to a stone crusher, I do not know what it would cost but if the county buys I will pay my tax and not grumble. I am not opposed to bridges where needed, but we do not need them in our part of the county.

Gov. J. R. Hindman, expresses himself as follows: I am for the purchase of a rock crusher. I understand the town has already decided to purchase one. Nothing is worth as much to a county as good roads, we find plenty of stone which should be utilized in making good roads and with a crusher the stone could be used at no great cost and the county be much benefited by the investment in a stone crusher. I am for bridges as well as roads.

Mr. James Naylor expresses himself as follows: "I am in favor of the Fiscal Court taking a progressive step, buy a couple of rock crushers and put them to work. Our roads will never be any better in Winter time unless we put on stone. I do not know the limit of tax for this purpose, but I believe in putting it to the limit and keeping it there until we get some roads. I am a believer in bridges as well, and hope that three or four may be built where they are badly needed. Every body is in favor of good roads, so now is the time, in my judgment, to start the work."

REAL THIEF.

Operated at Home While the Coleman Family Watched "Raffles" Steal.

While the family of "Billy" Coleman, proprietor of the Southern pool room, were watching "Raffles" steal diamonds at the Auditorium last night, a real diamond thief was ransacking their house at 240 Cedar street.

When the family arrived home they found things in dire confusion with drawers pulled out and articles scattered about.

The burglars secured about \$40 in cash and took two valuable diamond rings and Mrs. Coleman's highly treasured wedding ring.

Strange to say, they left Mr. Coleman's gold watch undisturbed where it lay on the dresser.

They hope that Chief Shevlin will round out the coincidence by doing as successful detective work as Capt. Redford in the play.—Hot Springs Daily News.

MERIT WINS.

A Kentuckian Fast Coming to the Front.

The Bonham Texas Favorite, pays a nice compliment to Prof. W. F. Keeton, of that county, who is a candidate for County Superintendent. Prof. Keeton left this part of Kentucky several years ago, and has risen to a high point in educational circles in his adopted state. At present he is Superintendent of the Savoy public schools and his work is highly appreciated. Mr. Keeton was educated in Columbia and his friends in old Kentucky will be glad to know of his steady and merited advancement. There are many in the front that were bred in "old Kentucky."

BUTLER WILL CASE.

The Jury After Deliberating Several Hours Sets Up the Second Will of Decedent.

The trial of the Butler will case ended on last Wednesday, after having been tried before Judge Baker and a Jury for the nine preceding days. Judge W. Jones and Mr. Jas. Garnett were the attorneys for Mrs. Bettie W. Butler, who was the sole devisee in, executrix of and propounder of the will made by Judge Butler on the 27th, day of March, 1905. After the death of Judge Butler this will was probated in the Adair County Court at its August term, 1905. This will devised all of the property to Mrs. Bettie W. Butler, but contained a request that Mrs. Butler would by will or in some way provide a suitable provision for Mrs. Grace Butler Bradshaw, who is a niece of Mrs. Butler and an adopted daughter of Judge Butler and his wife. This request, however, left it to the discretion of Mrs. Butler, as to whether she would make any provision for Mrs. Bradshaw or not, and the nature of the provision was, also, left to her discretion.

It appears that on the 20th, day of February, 1905, Judge Butler had made another will, and therefore about the 25th, day of January, 1905, he had made another will.

At the County Court, in December 1905, Mrs. Sallie F. Smith, Col. E. Butler, Joshua Butler, D. H. Butler, Wm. Butler, James Butler, Mrs. Myra Moore and Mrs. Nellie Conover, who are brothers and sisters of Judge Butler, and N. C. Butler, a son of Capt. N. G. Butler, deceased, and the child of Isaac Butler, another deceased brother of Judge Butler, by their attorneys, Mr. Jas. F. Montgomery and Rollin Hurt, made a motion to propound and admit to record, the will dated February 20th, 1905. At the County Court in January, their motion was overruled, and thereupon they took an appeal to the Circuit Court from the order rejecting the February will and, also, an appeal from the order of the County Court made in August, 1905, admitting to probate the will dated March 27, 1905. Their contention was, that when the will dated March 27, 1905, was executed, that Judge Butler had not capacity sufficient to make a will, and was laboring under undue influence exerted upon him by other persons, and that he was in that condition when the will of February 20, 1905, was destroyed.

On the day that the County Court overruled the motion of the brothers and sisters to probate the February will Mrs. Grace Butler Bradshaw, by her attorneys, Mr. Henry Aaron and Geo. E. Stone, took an appeal to the Adair Circuit Court from the order of the County Court probating the will of March 27, 1905.

In the Circuit Court the appeals of Mrs. Sallie F. Smith a. c., and the appeal of Mrs. Grace Butler Bradshaw, were consolidated and tried as one case. On the trial the contention of Mrs. Bradshaw's attorneys was that Judge Butler died intestate, that he had not capacity to make either the February or March wills, and was unduly influenced to do so. The result of the trial was that Wednesday last the jury returned a verdict rejecting the will made on March 27, 1905, and finding that the will made on the 20th, day of February, 1905, was the true last will and testament of Judge Butler. This will had been destroyed in March, 1905, but the jury found what its contents were from the evidence adduced on the trial.

The provisions of the will of February 20, 1905, are as follows, viz: It first devises to the brothers and sisters, of Judge Butler, who are living, and to the

heirs of those who are not dead, the sum of \$5,000 to be divided among them. The remainder of the property is devised to Mrs. Bettie W. Butler for and during her lifetime, and at her death to Mrs. Grace Butler Bradshaw, but with the proviso, that if Mrs. Bradshaw should die without issue, the property shall then be divided equally between the brothers and sisters of Judge Butler and the brothers and sisters and their heirs, of Mrs. Bettie W. Butler. The proof developed that the estate was worth about \$30,000.

All the lawyers in the case acquitted themselves well, their speeches being pronounced by the large audience present, the most argumentative delivered in the court-house for many years.

THE FRAZER SUIT.

The Heirs of Mrs. Ermine Page Win Before Judge J. S. Kelly.

A suit that has been in court since 1872 was settled at a special term of the Adair Circuit Court; last week Judge John S. Kelly, of Bardonia, sitting by appointment.

Hon. Logan Porter, of Glasgow, and Judge W. W. Jones and Hon. J. F. Montgomery, of the local bar, appeared for the heirs of Mrs. Page, and Judge H. C. Baker was the attorney for Frazer heirs. The suit was brought by plaintiffs to recover the amount of money due Mrs. Page. Mrs. Page is dead, and it is her children and grandchildren who instituted the suit. It is a long story, as the trouble which led to it commenced in 1859. At the time W. E. Frazer, who was a wealthy merchant, of this place, died, but before his death, Mrs. Page and her brothers and sisters became estranged, and she with her husband, Dr. George Page, removed to Warren county, and all communications ceased between the two families. In the meantime, W. E. Frazer, who was rapidly declining, died, leaving a will, cutting out Mrs. Page unless she became reconciled to her mother, brothers and sisters. When Mr. Frazer died Mrs. Page came to Columbia and remained with the family several days, and her attorneys claim at that time all differences were adjusted, and an amiable reconciliation made. The defendants deny, but Judge Kelly decided that by reason of Mrs. Page's visit at the death of her brother, and the further reason that one of her daughters had written letters to Mrs. Kate Alexander, an aunt, apprising her of the death of her mother, (Mrs. Page), showed a disposition to become friendly, and that the heirs of Mrs. Page were entitled to their mother's part and he so decided. There is six thousand dollars in trust and judgments amounting to \$12,000 against the other Frazer heirs.

The case will go to the Court of Appeals.

GOOD WILL.

Gov. J. R. Hindman Shows Good Will for the Old School.

Last Thursday morning Governor J. R. Hindman gave a short spicy lecture to the students in the M. & F. School, which was highly enjoyed by all present. For many years Governor Hindman was a trustee of that institution, and up to this good hour has not lost his love for its welfare. While at present, he is a member of the Educational Board of the Louisville Conference, under which the Lindsay-Wilson School is directed, and while he is an enthusiast for his school, yet his love and admiration for his old school still exists. How good it is in any person to go beyond the narrow walls of sectarianism and encourage the good and noble work and endeavors of others.

MOVING OUT.

The Town Council Will Not Depend on Sand and Gravel for Good Streets.

Last week the Town Council purchased a stone crusher and directed it shipped immediately. As soon as it is received a location will be selected and work will begin. The machine is of the latest and most approved mechanism, and capable of crushing 10 or 20 tons within ten hours. Arrangements have not yet been made for the power, but for the present, at least, the Council will not buy an engine but lease for a short while as there are several in reach that can be secured at reasonable rates. This is the first and most important step taken by the present Council to bring about better and more lasting streets. The fact is that before the first month, had expired a crusher had been purchased. We are sufficiently acquainted with the mind and purposes of the Mayor and every member of the Council as to feel safe in saying, that a new era has dawned, that the beginning of healthy public conditions in Columbia has already come. The improvement and building of good, substantial sidewalks will come next Spring and Summer. The Town Council is progressive, and will do for Columbia just what the Fiscal Court, we hope, will do for the county, make improvements that will last.

A BRICK PLANT.

Messrs. Geo. Smith, Robert Hudson and G. B. Smith Will Burn Brick.

The above named gentlemen have formed a partnership and will burn all the brick that may be needed in this section in 1906. They are now preparing the wood, having several men using saws and working the mill.

The kiln will be back of the fair ground and just as soon as the weather will permit, their manufacture will begin. The first kiln will have 250,000 in it.

OLD TOBACCO.

For Nearly a Century It Has Been in Secret Hiding.

Mr. J. P. Sallee, of Green county, was in our office last Monday, and he presented us with a twist of tobacco that is over 72 years old or over. Some time ago Mr. Wm. Spears, of that section, was tearing down an old dwelling, and found a twist of tobacco that had been deposited before the house had been remodelled. In tracing the date of its reconstruction, the oldest citizens of the section date it back 72 years ago. Just how long the tobacco had been there before that, could not be determined, but at any rate it was placed before the house was rebuilt. It has lost its strength and flavor, but its color is in tact, showing that it was at one time strong and vigorous. Doubtless the one who deposited there has long since quit the walks of life.

In this issue will be found resolutions from Glenfork Lodge, concerning the death of Bro. Waldrop. This matter was promptly attended to by the brethren of the lodge, and the request was made for publication in the News, but by some way or other was overlooked—as we did not receive copy of resolutions, but merely requested to take same from the Spectator. Under such circumstances we are willing to comply with, but in this instance it was forgotten and we make this explanation full and free to Glenfork Lodge and to the many relatives and friends of the deceased.

CHOCOLATE CUSTARD.

Grate one-half cake chocolate, one-half cup of sweet milk, yolk of one egg, one teaspoonful vanilla, sweeten to taste. Cook until the consistency of soft custard.

GINGER SNAPS.

Rub four ounces of butter into a half a pound of flour, add half a pound of moist sugar, half an ounce of ground ginger and the grated rind and juice of a lemon. Mix the above ingredients into paste with a little treacle. Spread the past thinly on greased tin and bake. When cooked cut in strips and roll around the fingers. The snaps should be kept in a tin in order to retain their crispness.

QUEEN CAKES.

Take one pound of butter and beat to a cream; sift one pound of white sugar, and mix them well; beat the whites of eight eggs to a stiff froth, and also beat the yolks well; then dry and sift in flour and one-half pound of currants and mix all well together. Butter some cake tins, put in the mixture and bake for ten minutes in a moderate oven.

HOW TO CARVE A CHICKEN.

The chicken should be placed on the dish so that the breast is to the left of the carver. The fork should be deeply driven in at the small end of the breast bone.

Now the legs at the far side of the carver is removed by cutting the meat around the joint and then separating the bone at the joint with the end of the knife.

The wing on the same side is removed in the same way. Now the bird is turned over away from the carver and the wing and leg on the near side are detached. Then slices are cut off from the side of the breast, the carver being careful to count each guest to see that he give a piece of the breast along with some of the dark meat.

Not cut through the ribs from neck to tail so as to pass through the leg socket. This should be done on both sides of the fowl. The knife is then quietly turned and the front and back of the carcass are separated along the lines of the last cut. The fork is now taken out and the thighs separated from the drumsticks. [New York World.]

WINDOW WASHING IN WINTER.

Washing windows is unpleasant work in cold weather. A good plan is frequently to wipe off the inside of the glass with a dry cloth. It is surprising how much dust and smoke are removable. When using water it facilitates cleaning the glass to use a little washing soda and table-spoonful of alcohol to each pail of water. Polish with soft paper crushed in the hand, which leaves no lint on the glass, or with a camolais cloth.

SKIRT SIMPLICITY.

Skirts appear simple. There is very little trimming. Four-piece skirts are in favor. Two-piece skirts are being revived.

Circular flounces are by no means "out."

Circular skirts may have a narrow front gore.

Even the full skirt is held very flat around the hips.

Triple skirts may be worn by those who like them.

For walking, shopping and traveling short skirts remain.

For receptions and smart daytime functions skirts train an inch or so all around. Clusters of two or three plait are seen at the back, front and sides of four-piece skirts.

Skirts for receptions or evening wear are frequently finished by shaped bands of velvet.

BRIDAL LONE.

A January bride will be a prudent housekeeper and very good tempered.

A February bride will be a humane and affectionate wife and tender mother.

A March bride will be a frivolous chatter-box, somewhat given to quarreling.

An April bride will be inconstant, not very intelligent, but fairly good-looking.

A May bride will be handsome, amiable, and likely to be happy.

A June bride will be impetuous and generous.

A July bride will be handsome and smart, but a trifle quick-tempered.

An August bride will be amiable and practical.

A September bride will be discreet, affable and much liked.

An October bride will be pretty, coquettish, loving, but jealous.

A November bride will be liberal, kind, but of a wild disposition.

A December bride will be well proportioned, fond of novelty, entertaining, but extravagant.

ZINC COVERED KITCHEN TABLE.

One of the most convenient and useful pieces of kitchen furniture imaginable, is the kitchen table covered with zinc. The old-time oil-cloth covering will be discarded after one trial of the zinc. It is so easily cleaned. Just wash with soap and water, and occasionally clean with paper saturated with kerosene to give it the gloss and smooth surface desirable. One never need think whether dishes are hot or cold, as with oil-cloth. To make the table, take a good plain table for the purpose, and if the man of the house is at all handy he will have just what is wanted with little trouble. The zinc must be flattened smooth on top, then turned down at edge, hammering to make it turn, then turned under and tacked. This leaves a smooth easily cleaned edge.—Ladies' World.

THE SMART COLLAR.

A collar, to make any pretension to smartness, must be one with the waist, or trimmed so as to seem so, says the New York Sun.

It takes a very clever dress-maker to cut a waist or guimpe and a high straight collar in one piece without a seam and to fit it perfectly, but clever dressmakers are the rule and not the exception around these parts, fortunately.

The woman on the shady side of thirty does well to have her collars very high in the back, so high, in fact, as to come well up over the hair and curving gracefully toward the chin, as age lines make themselves very conspicuous about the neck.

CARE OF GLOBES AND CHIMNEYS.

Globes and chimneys crack readily in cold weather. The sudden expansion in heating is more than they can stand. To toughen them it is only necessary to boil them for a couple of hours, after putting them in cold, salted water in a kettle having a false bottom. In lighting gas jets or lamps, the light should first be turned low, then gradually higher.

FOR SHIRT WAISTS.

A tray made of a strong pasteboard box, covered with silesia or chintz, will greatly increase the convenience of the shirtwaist box, so valuable for holding silk skirts, shirtwaists or hats. Any body can easily get possession of the necessary pasteboard box, as most people have had at one time or another, suits and dresses sent home. Two small pieces of wood tacked inside the wooden box, one at each end at the desired height, will hold up the box as the tray of a trunk is held up. Or two small hooks instead of the pieces of wood may be used as the support, and the tray hung on them by means of loops of tape.

This addition will keep the hats and waists in better condition, and it will not be necessary to turn the entire contents of the box upside down so often when there is a hurry for an article.

TOUR EUROPE FREE

The Courier-Journal to take Nineteen Young Women Abroad As Guests.

The Courier-Journal is conducting a popularity contest that eclipses anything of the kind ever promoted in this section. Briefly, the Courier-Journal proposes to take on a seven weeks' tour abroad nineteen young women from Kentucky and Southern Indiana, all expenses paid, from the day the party leaves Louisville, July 12, until it returns to "The Old Kentucky Home," August 9. To give all a chance the Courier-Journal has divided Louisville and Kentucky and Southern Indiana into eighteen districts, and the most popular young woman from each district is to be the one to make the tour. The nineteenth young woman is to be selected in another way. Readers of the Courier-Journal are to select the guests for the paper, by ballot. It is estimated that the trip alone will cost the Courier-Journal about \$15,000, to say nothing of incidental and other necessary expenses. There may be a young woman from this section who is a candidate for this tour. Write the Courier-Journal, Louisville, Ky., for a list of candidates and full details of the tour.

Now that Senator Spooner has declared that what the president did in sending delegates to a foreign conference in which this country has no interest, what a chance there is for LaFollette!

Echo of the Sheela Robbery. Louisville, Ky., Feb. 2.—The grand jury indicted Julius Bronger and Gus Bronger for keeping disorderly houses. The two men charged with the robbery of Albright's store at Sheela, Ind., were arrested at Julius Bronger's saloon.

Painful Periods

Editor News:-

Taylor county is called West Texas, but is 300 miles from El Paso, and 177 miles west of Fort Worth, on the T. P. R. R.

This country is level, being prairie, but has plenty of musquite timber, for fence posts and fire wood. The land, a red and black sandy formation, is highly productive. A crop can be made here on less rain than any place I ever saw. The main crop for money is cotton, and for stock feed, sorghum and milo maize, which makes from 30 to 75 bushels per acre, and is better than corn for stock. Corn, wheat and oats are not certain and the yield only moderate.

This is a healthy country, water good, bad and indifferent. At present the country is prosperous, as crops were good last year. Good horses and mules range in price from \$250 to \$400 per pair, cattle low and hogs scarce.

Our town is on a boom, a new railroad approaching, and houses springing up like magic, and is the busiest place I ever saw. The weather is pleasant and as proof of this statement, I saw a seven foot snake crossing the road a few days ago. This may appear somewhat snaky to many in Southern Kentucky, but all the same it is a fact.

Yours truly,
S. M. WHEAT.

YOSEMITE.

Rosco Carman, of the Wall-town section, was arrested some ten days ago, and delivered to magistrate Jake Dorn here, charged with criminal assault on one Miss Soard. The magistrate allowed him bail in the sum of \$50 for his appearance for trial, but trial day brought no Carman, and word came that he had skipped the country. The case is said to have been a very aggravated one, and the people are very indignant at the action of the magistrate, for his leniency in fixing the bond. It seems to us, that it was rather a cheap way of getting out of a very serious trouble.

Prof. J. S. Lawhorn has completed the dormitory at the college, and it is now open to his pupils. Sixteen had taken rooms there up to Tuesday.

There were fifteen new pupils entered school at Middleburg Normal College Monday.

It clouds up, rains, clears away, and turns a little cooler. I mean the weather.

W. C. Bryant, who sold his stock of merchandise at Middleburg, to C. L. Prewitt, has accepted a lucrative position with a firm at Nashville, Tennessee.

The crossie trade is the liveliest thing here just now. There are two firms buying here, and the territory on which to stock them is about all taken up.

Dr. M. O. Sallee is preparing to wage war on the finny tribe, as soon as "Spring Time Comes, Gentle Annie." He spends most of his time of Sundays in the woods in search of poles, which he is polishing and getting in shape for the sport, when the lizzards begin to crawl. We have been warning him of the proverbial "fisherman's luck."

Squirrels are said to be very plentiful in the woods here about, and Bud Short delights as much in hunting them as the next man. He has a good squirrel dog, and he boasts of having a gun that will kill them at such a great distance that they actually spoil before he gets to them, and has been compelled to salt his fowl-pie to preserve his game. This is a pretty big one; but it is distinctly understood that we are not to be held responsible for it.

Judge Warren, of Stanford, has sent down a proposition, whereby a compromise will likely be affected between the teamsters and the Lincoln county authorities in regard to the injury done the pikes by unusual heavy hauling over them. Judge Warren has agreed that each teamster or person owning a team, doing hauling over the road shall come before his court and confess judgment in the sum of \$5 each, with the understanding, that the same be applied at once to repairing the road. The proposition seems to be a fair one, and will more than likely be accepted.

The papers were so full of railroad talk a few weeks since, that we could almost hear the shriek of the engine, but the project seems to have died, and now a railroad through Casey county appears about as unlikely as the coming of two black Sundays together. The gentleman who went through this country some six weeks since, talking "railroad" to our people, is thought to have been a fake of the worst type. There may be a railroad through these parts some time in the future, but the day is likely so far distant, as hardly to be worth our consideration.

The Adair County News.

Published Every Wednesday

BY THE

Adair County News Co.

(INCORPORATED.)

CHAS. S. HARRIS, . . . Editor

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second-class mail matter.

WED., FEB. 7, 1906.

We are surprised to find our neighbor on the South taking the satirical obituary seriously. Satire is a legitimate and powerful force and has in times past exerted a great influence for good. However, good plain unmistakable English incapable of misconstruction, has heretofore been found best for our individual use and we do not wish to be the advocate of any other kind, correspondents in all lands and times, though have differed with these editors from time immemorial, and sometimes helped to good and lasting reforms.—Greensburg Record.

Evidently the above was intended for the News, but owing to the extreme modesty of its writer the name of "Our neighbor on the South" is not given. It was not our purpose to hit the tender spot of the Record, last week, but merely to indicate a path that leads to better results rather than satirical obituaries. The fact is that we have nothing but good will for the Record, but its apparent indifference to its surroundings and its perfect contentment with its own conditions leads us into sympathy rather than anger. Green county or any other county that touches the hem of our garment, so to speak, is regarded as close kin with great common interests that must be defended, when attacked, and the News may be depended upon to strike when a blow is necessary. Our interests are so closely allied as to have a weakening or invigorating influence over each other, hence they are common. One county may out-do and out-grow for a short while, but prosperity and enterprise is catching and will spread over the area if we will all pull together, work together and fight for the up-building of our county. Spotted prosperity is worth but little and unless our entire section is blessed with a spirit of enterprise we will all fall far short in the great battle for progress.

If the Record will take a progressive step, give the people the news speak of the good, picture the bright side of life and work to build up public spirit it will soon face better conditions and enjoy growth and prosperity within its own borders. Often a local paper is the deadliest living thing in the county and needs more of the awakening influence than its town or county. Groping along, misrepresenting the real mission of a county paper, fired by prejudice or goaded on by sheer ignorance of the great possibilities that surround it, does harm rather than good. By our sheets, too often, our community is measured and our town judged and yet, a good town and resourceful country may have the misfortunes of a misfit as its only means of presenting its picture to outsiders. The time has come when the papers of Southern Kentucky should all work to one end, the up-building—developing—of our country. The News enlisted in the fight when it made its bow to the public over eight years ago. It has kept the faith, has never wavered and expects to keep up the fight for better public conditions throughout our own and adjoining counties so as long as it is under its present management. Its columns are open to articles helpful to any part of our common country but,

closed to messages depressing or hurtful to any community.

Mr. Croan, author of the Dog law, ought to get a cat measure up for the protection of chickens.

The republicans of Whitley county, want J. N. Sharp, commonwealth Attorney, impeached. The republicans in caucuses at Frankfort have heard the charges.

Mr. J. E. Murrell has again taken a position with the News and of course, feels very much at home. He will work in the same capacity as in days gone by, so anyone having business with this office can find Mr. Murrell at his post of duty.

The bill now pending in the General Assembly of Kentucky prohibiting the sale of liquor in any precinct, of any county in the State, irrespective of the sentiment in the precinct, if a majority of the voters in the county, elect that no license shall be issued, is a measure that it is hoped will become a law.

The National Banks, gained a sweeping victory, in the court of Appeals last week, Judge O'Rear delivering the opinion, the whole court sitting, Judges, Paynter, and Nunn dissenting. The Judge held that both State and National Banks could exempt from the amount of their assessments United States bonds and Government securities for state, county and municipal purposes.

The mysterious disappearance of Mrs. Laura Davidson, of Mayfield, Ky, and who was in School at London, Ky, is causing no little trouble. She left the school, leaving a note stating that she was tired of living, and was going to end her life. But it was learned that she took a train for Louisville. Her friends fear that she has met with foul play. Later, The girl was found at the Louisville hotel, and stated that she left school because she could not keep up with her studies.

RESOLUTIONS OF RESPECT.

Glenfork Lodge, No. 528, adopted the following:

Whereas, It has pleased Almighty God in His infinite wisdom to remove from our midst our beloved brother, Charles O. Walkup, who was a Past Master of Glenfork Lodge. He was made a Mason in this Lodge over 32 years ago and had served in almost all the official positions. While Brother Walkup was not an affliating Mason at time of his death, the Fraternity, out of respect for his memory, and the high regard for his brother, our Worshipful Master, H. K. Walkup, his body was laid to rest with the highest Masonic honors, Grand Master James Garnett being present and conducting the ceremony. Bro. Walkup was 62 years old, a member of the Christian Church and unmarried. Therefore be it Resolved, That in the death of Bro. Walkup the Fraternity has lost a good brother, the community a useful and upright citizen, his relatives a kind brother and friend.

2d. That out of respect for his memory the members of this Lodge wear the usual badge of mourning for thirty days; that these resolutions be spread upon the record book of the lodge and a copy furnished to the two brothers of the county papers for publication.

INEXPLAINABLE.

R. H. Price Claims that Either Sex Can be Secured With Cattle and Other Stock.

Mr. R. H. Price, one of Columbia's well-known citizens, and a man who studies the great principles that govern cause and effect, one who has devoted many hours to ferreting out the inexplicable causes that govern in the reproduction of sexes of animals according to the desires of the breeder, has found that there is a principle, within the reach of man, that can as truly govern in matters of this kind as the reproduction of grain. Following his theory he has demonstrated its correctness without a single failure, and while not inclined to gamble, would make a big stake he can produce either sex, as he desires with cattle. He has never experimented with other stock, but believes the theory will not vary. He has two Jersey cows that have dropped him six calves each, and out of the dozen has never been disappointed in a single instance. In breeding to a Jersey sire he has bred for heifer calves, and when crossing with a Short-horn his purpose is, to secure male calves. Nine heifer Jersey calves have thus been produced and three male Short-horns. Some four or five years ago beef cattle were high while milk stock declined in price. It was then that Mr. Price bred for male calves and in due time rejoiced in their appearance and sold them that Fall at fancy prices. The secret of this theory would be valuable to dairymen, but up to date Mr. Price has never made it public, claiming that its value alone belongs to him and that such a theory when its worth has been established will be in demand.

LOCAL NEWS.

It begins to look like Winter over.

February came in under a clear sky, the sun shining and the birds singing, but it is an uncertain quantity.

FOR SALE.—A desirable home for small family. Location desirable, in Campbellsville, Ky. Apply to T. C. Faulkner.

Friends of Mr. Ray Conover have received letters from him, stating that he will return to Columbia, put up a business house, if a lot can be secured, and engage in the furniture business.

The Woodman of the World have rented two rooms from J. T. Page, over Frank Sinclair's store, and will use them as ante room and the Camp room. The regular meeting is Tuesday night in each week.

Mr. Geo. W. Staples has rented the residence where Mr. S. D. Barbee now resides, and will remove to it as soon as he can get possession. Mr. Barbee will remove to the property on Greensburg road recently purchased of Mr. Elmore.

The automobile was to have arrived here last Wednesday afternoon, but when near the Green River Bridge it was discovered a bolt or some piece of machinery had worked out, hence the motorman was compelled to stop. The missing piece was ordered from the factory.

Mr. Erett Feese has accepted a position from the Columbia Electric Light plant, and has already enlisted in the work of lighting the town and watching the plant. He has rented a dwelling from Mr. H. T. Baker, which will be completed March 1st, at which time he will remove his family from Pellyton.

It may not be generally known, but it is a fact just the same, that the last Legislature passed a law by which the boys who go fishing about the time the grand jury meets, may get into trouble. The law provides that any person who absents himself from the county in order to keep from going before the grand jury as a witness, is liable to indictment and prosecution for evading a legal process.

Revenue officers made a good haul in Taylor county early Tuesday morning of last week. They captured Kirt Bell and his brother, Henry, and William Altridge operating an illicit still and conveyed them to Campbellsville and lodged them in jail. It is reported that the still had been in operation for three years, and that its capacity was 165 gallons daily.

Only twenty-one days until Spring.

The Russell Circuit Court will open the third Monday in this month. The docket is larger than usual.

Farmers over the State are very jubilant over the sale of 1904 tobacco crop. It is reported that many refuse to sell at \$20.00 per hundred.

Columbia Lodge, No. 96, Free and Accepted Masons, will meet in regular convocation next Friday night. A full attendance is desired.

The indications are that there will be no ice put up here this Winter, and in "The Good Old Summer Time" we will have to use the manufactured article.

Rev. Pat Davis, born and reared near Milltown, this county, is holding a very successful meeting at Hopkinsville. There were twenty-five conversions in one day.

Mr. T. C. Davidson, Deputy Sheriff, conveyed Dr. John Shaw to Liberty last week, who was arrested in this county on a capias profile, issued from the Casey circuit court.

Mr. Eugene Buchanan, who lives near Campbellsville, met with a serious misfortune the 30th of January. His barn filled with provender and six head of horses and mules were consumed by fire.

Our friends in Russell county who may have business with the News, will please bear in mind that representatives of the paper will be in Jamestown the first day of circuit court, the third Monday in this month.

A representative of this paper was very delightfully entertained in the parlors of the Marcum Hotel last Thursday evening. A number of ladies and several gentlemen assembled and the time was devoted to music, rendering recitations, etc. After a number of classical selections were given to the listeners by Misses Hattie M. Penland and Margaret Taylor, the lady evangelist, Mrs. Geo. W. Staples, started "It's the Old Time Religion," bringing tears to the many who were sitting under the drippings of the sanctuary. Our best recollection is, there were eighty-four verses to the song and they were sung with great fervency. The recitations, by Misses Taylor and Duncan, were delightfully received. The entertainment closed with piano selections by Miss Penland, accompanied by Prof. Lawrence with cornet. So enjoyable was the occasion, "it would have been good for every body," and eleven o'clock arrived a little too soon.

MARRIED.

Last Thursday morning at 9 o'clock, Mr. C. C. Mitchell, son of Mr. John A. Mitchell, who resides near Greensburg, was happily married to Miss Bertha Collins, a daughter of Mr. Tim Collins, of this place, who is a very modest and deserving young woman, and who is quite popular with all her associates. The ceremony was performed at the home of the bride in the presence of the family and a few special friends. Rev. A. R. Kasey, pastor of the Methodist Church, in a very impressive manner, performed the ceremony. Immediately after the rites were solemnized the couple left for the home of the groom in Green county. The News joins their many friends in wishing them long and prosperous lives.

LEG BROKEN.

A ten year old son of J. M. Wilson, who lives near Cray Craft, met with a bad accident last Saturday. He was walking by his wagon and while trying to put on the brakes fell, the wagon passing over one of his legs, and broke it in two places. A physician was called and the wound was dressed and put in proper shape.

FIRE INSURANCE.

To The People of Adair and Russell Counties.

I am representing THE CONTINENTAL INSURANCE COMPANY, of New York—one of the oldest and best companies in the country. I have both the Farm Department and Recording Agency for these two counties, and all business entrusted to me will be promptly and carefully attended to. A share of your business is respectfully solicited, and same will be appreciated. Call on or address me at Columbia, Ky., office over Paul's drug store; Telephone No. 43. Very Respectfully,
T. A. MURRELL.

Last Monday was pension day, and a great many old soldiers were in Columbia, signing their vouchers.

The Sinclair stock of groceries is being closed out to make room for the new bank.

Mr. J. S. East, of Rocky Hill station, has been in this, his old county, for several days having been called home to see his brother who is dangerously sick at this time. Mr. East will leave for home in a few days.

FOR SALE.—We will sell 70 to 75 acres of our farm. Some excellent timber, desirable place, unimproved but good tobacco barn. Location good, two miles from Columbia.
J. O. & B. F. GRISCOM.

Persons who have business in Russell county with the News will have an opportunity to meet representatives of the paper at Jamestown the third Monday in this month, the first day of Circuit Court.

An organization for the new bank was perfected Monday, and the doors of the institution will open in the month of March. The building to be occupied is where Mr. Frank Sinclair, is now in business.

By reference to a paragraph on the editorial page, it will be seen I am again identified with the Adair County News, a paper which had my attention, with the exception of three months, since it was founded. That I feel perfectly at home I need not say.

J. E. MURRELL.

In the last issue of the Masonic Home Journal, Grand Master James Garrett, of this place, recommends that every Lodge in the State celebrate St. John's Day, the 24th of June, in some appropriate manner, for the benefit of the "Old Mason's Home." It is a good suggestion, and we endorse it.

Last Saturday morning as Frank Burton, was enroute for Columbia, his horse become frightened near the Roller Mill, went down an incline, demolished the buggy which was new, and the mare fearfully hurt, being cut in a number of places. Mr. Burton, also received some bruises.

The land consisting of about 340 acres, known as the Hays farm, on Russell's creek, about three miles north east of Columbia, will be for sale by the State Commissioner of the Adair Circuit Court in a short time. This will afford an opportunity for two or more persons to get good homes near Columbia in a good community.

The motor-car arrived in Columbia, last Saturday forenoon at 11 o'clock, creating no little curiosity, the square being full of people to see it. It is a very fine machine, and the motorman who came with it from the factory says there is not a doubt but it will do the work between this place and Campbellsville. It is now running regular between the two points.

MOTOR-CAR MEMORANDA.

Mr. Jo Coffey, Jr., was on the motor-car when it ran from Campbellsville to Green River in thirty minutes. He is especially delighted at the ease and certainty with which it can be guided.

As to the loss of a piece of the machinery and the check at Green River, the Editor of the Taylor County Enquirer well says with the old adage, "He laughs best who laughs last." Our neighbor calls the big car "a hummer" and predicts success for it.

Mr. Taylor, of the Old Mobile Co., Lansing, Mich., is the chauffeur. He is a sprightly, agreeable young man, as thoroughly up-to-date as the great machine he has come to put into service here.

On January 27th, 1906, the Courier-Journal said editorially: "There are in Chicago 2,100 street cars and 3,600 automobiles. During 1905, the street cars killed 337 people and the automobiles killed 5. Is it possible that the automobile is not as red as it is painted? But perhaps the Chicago automobiles scared the Chicago street cars."

On Amond Beach, Fla., Jan. 26, Mr. Fred Marriott, at the automobile tournament, ran his cigar-shaped motor-car a mile in 28.1-5 seconds. At this rate he would have reached Columbia from Campbellsville in eight minutes and two seconds exactly.

Mr. Marriott says the road at Amond Beach was bad, otherwise he might have done better. If he ever comes this way we shall hardly expect him to do our trip in less than ten minutes, unless the pike should be improved.

The motor-car is to be equipped with a telephone. This will enable both towns to keep in touch while it flies like a shuttle between them.

GEO. A. YOUNG DEAD.

Mr. Geo. A. Young, who was a well-known citizen of the Zion neighborhood, died last Saturday at 10 a. m. About three months ago he became unbalanced and gradually grew worse until the end came. He leaves a family of children, several brothers and sisters who have the sympathy of the neighborhood where the deceased so long resided. The funeral services were largely attended.

First check for \$125.00 will buy him. If bought at once, JNO H. CHANDLER, Campbellsville, Ky. 10-11

Born to the wife of Ches. Keltner, February 1st twin girls.

Born to the wife of J. W. Todd, of Macomb, Ill., on January the 24, 1906, a son, weight ten pounds.

Mr. O. B. Jeffries, was in Columbia, last Saturday, and renewed his allegiance, to the News, and Courier-Journal.

The annual meeting of the Young Men's State Christian Association, will be held at Lexington, February 22nd to 25th inclusive.

Snow an inch and a half deep fell here last Sunday night. This is really about all the snow that has felt this winter.

The testimony in the Butler will case, written in shorthand, by Mr. Tim Cravens, occupied ten tablets, making eight hundred pages in all.

All persons indebted to me for millinery are requested to call and pay at once. I need the money in buying my Spring goods. Mrs. Tim Bradshaw.

Mr. Nathan East, of the Mount Pleasant neighborhood, is very low with pulmonary trouble, and his recovery is very doubtful.

There are four hundred and seventy pupils in the two institutions of learning in this place, and a number of new ones will enter this week.

A wholesale hardware and grocery house has been organized at Burnside, the incorporations being J. H. Kinard, G. W. Brokman, W. F. Rowe, and Marvin Vaughan.

Mr. R. W. Page and family will remove from Cane Valley to Bowling Green about the 18th of this month. Mr. Page has accepted a position with the Bowling Green Coca-Cola Bottling Works.

DEATH OF W. W. PAGE.

The subject of this writing died at his late home, near Cane Valley, last Saturday. He was a brother of the late Geo. R. Page, who was a citizen of Columbia, and was 78 years old. He had been in declining health for some time, being afflicted with diseases incident to old age. He leaves a wife and several sons and daughters and a large circle of relatives, all of whom have the sympathy of their numerous friends. The interment was in Banks' Burying Ground Sunday, many being present to pay their respects to a former neighbor and friend.

WHY MARRIAGE WAS A FAILURE.

He regarded children as a nuisance.

He did all his courting before marriage.

He never talked over his affairs with his wife.

He never had time to go anywhere with his wife.

He doled out money to his wife as if to a beggar.

He looked down upon his wife as an inferior being.

He never took time to get acquainted with his family.

He thought of his wife only for what she could bring him.

He never dreamed that there were two sides to marriage.

He never dreamed that a wife needs praise or compliments.

He had one set of manners for home and another for society.

He paid no attention to his personal appearance after his marriage.

He married an ideal, and was disappointed to find it had flaws.

He thought his wife should spend all her time doing house work.

He treated his wife as he would not have dared to treat another woman.

He never dreamed that his wife needed a vacation, recreation or change.

He never made concessions to his wife's judgment, even in unimportant matters.

He thought the marriage vow had made him his wife's master, instead of her partner.

He took all the little attentions lavished upon him by his wife as by "divine right," and not as favors.

He always carried his business troubles home with him, instead of locking them in his store or his office when he closed.

He never dreamed that his wife needed a vacation, recreation or change.

He never made concessions to his wife's judgment, even in unimportant matters.

During a quarrel over a debt of 50 cents, Joshua Meadows, shot and instantly killed his cousin, Burton Little, in Perry county. They were neighbors and had been close friends. After the deed Meadows attempted suicide, shooting himself but only inflicting a slight wound. He was arrested and is now in jail.

The honor of the Commonwealth certainly requires the sifting of that bond robbery case and the subsequent return of the bonds by a party in Louisville. But, after all, what is the honor of Commonwealth between a scared recipient of the bonds and a privileged communication to a lawyer?

The Cynthia water works, owned and operated by the city, paid a total of \$600 over and above all expenses last year, and the people were furnished water at rates from one-third to one-half less than rates charged in cities of like class where the water plants are controlled by private individuals or corporations. And, in addition, Cynthia's fire protection did not cost a cent. This is an example of municipal ownership that works all right.—Cynthia Democrat.

A MONTHLY STATEMENT.

The Receipts and Expenditures By the Government.

Washington, Feb. 2.—The monthly statement of the government receipts and expenditures issued shows a condition of the treasury which is eminently satisfactory to the officials. One year ago Thursday there was a deficit over \$25,000,000, which has now been reduced to less than \$3,400,000, with the prospect that this amount will be entirely wiped out within the next 20 days. It is pointed out that now there is an available cash balance on hand, including deposits in national banks of nearly \$144,000,000 with the daily receipts more than equaling the expenditures. This improved condition is due almost entirely to large increases in customs and internal revenue receipts.

TRANSPORT MEADE

A Fire Raged in the Hold of the United States Troop Ship For Hours.

TONS OF HIGH EXPLOSIVES ABOARD

The Flames Succeeded in Reaching the Forward Hold of the vessel and the Portion of the Vessel.

Three Men Were Killed and 58 Injured. Mostly By Suffocation—The Cause of the Fire is Being Investigated.

San Francisco, Feb. 2.—Three men were killed and 58 injured, mostly by suffocation, in a fire that raged on the United States transport Meade as she lay at the Folsom street dock early in the morning.

For three hours after midnight the forward hold of the big troop ship was a roaring furnace from which flames were borne in an almost continuous stream. Relays of men promptly stepped forward to take the places of those who were carried out unconscious.

Tons of high explosives were loaded in the after part of the vessel and the firemen worked with the possibility ever before them that the flames would reach this compartment.

Had this occurred the whole city would have probably been shaken by a terrific explosion and no man aboard the ship would have escaped.

Owing probably to the fact that an infernal machine was found in the bunkers of the transport Thomas in her last voyage, the rumor was circulated that a plot had been laid to fire the Meade at sea, as she was to have departed for Manila Thursday.

Maj. C. A. Devel, chief of the transport service, is investigating this theory with great care.

The Loss Was Trifling.

He is having the cargo taken from compartment No. 2, where the fire started with a view of discovering the real cause of the disaster. The flames did not spread from compartment 2. Dock Captain Dun gave it as his opinion that some of the officers had packed their trunks in their trunks and that these were ignited in loading.

One officer places the damage to personal effects at from \$50,000 to \$200,000. The vessel is not seriously injured and will be ready to sail for Manila next Saturday.

The surprising fact developed late Thursday that the property loss amounted to only \$85. This was the estimate made by Maj. Devel. When the water had been pumped from the hold and the debris removed it was ascertained that the fire had been confined to a space about six feet square. There was very little flames, the fire being of a smoldering variety that emitted great volumes of smoke.

There were fears that some of the officers' effects had been destroyed, but investigation showed these goods to be safe.

Cincinnati, Feb. 2.—The second infantry which was about to go aboard the transport Meade at San Francisco when it caught fire, formerly was stationed at Ft. Thomas, Ky. Many of the men of the second are from Ohio. The second battalion is in command of Nat. P. Plaster, brother of Montgomery Plaster of this city. One thousand and one of the second infantry and the eighth and twelfth batteries were to have sailed Thursday on the Meade.

SANTA FE TRAIN WRECK.

Block Signal Operator Arrested on a Charge of Manslaughter.

Peoria, Ill., Feb. 2.—On the order of Coroner Baker, John S. Smith, block signal operator at West Chatham, on the night of January 22, when Santa Fe train No. 4 was wrecked and four employees killed, was arrested by Sheriff Porter on a warrant charging manslaughter. A warrant has also been issued for George Washburn, of Chicago, conductor of No. 4.

Its 900 Employees Insured For \$1,000 Each Free of Cost.

New York, Feb. 2.—The fact that the Equitable Life Assurance society has for the last four years insured free the lives of its 900 employees for \$1,000 each has become known.

Since the institution of the free insurance scheme 17 deaths have occurred among the employees and the society has in consequence paid out \$17,000.

The Anti-Trust Law.

Kansas City, Feb. 2.—Acting upon instructions from the secretary of state, the prosecuting attorney will file suit this month against 1,137 corporations of this country which it is charged, have violated the anti-trust law of Missouri.

Shot His Wife and Himself.

St. Louis, Feb. 2.—After selling a suit of clothes he had secured under an installment plan agreement, to a woman to purchase a new suit, George Nagelschlag shot and killed his wife and then committed suicide.

News in Kentucky

THE KENTUCKY LEGISLATURE.

The House of Representatives Passed the Croan Dog Tax Bill.

Frankfort, Ky., Jan. 31.—The senate committee on municipalities decided to report favorably the following four of Senator Spence's bills: Fixing salary of city jailer, allowing the city clerk, charging license to Cincinnati wagons and other vehicles, and the bill providing that if the city council fails any year to pass a tax levy ordinance, the tax rate shall remain the same as the year before. The Eaton bill, providing that where a man marries his first wife, he shall be liable with her for three years, was passed with an amendment allowing him to leave her if he has a statutory ground for divorce.

The house passed the Croan dog tax bill, an exact copy of the dog tax bill passed by the senate last week. The joint committee in Vehicle-Hagan case, from Louisville, recommended its report and unanimously agreed that Hagan (dem) shall retain his seat. The house committee on constitutional amendments reported favorably on the Bourne bill proposing an amendment to the constitution making the payment of poll tax one of the qualifications for the vote. The Overstreet bill, to regulate the code of draining land, was passed—yeas 79, nays 0.

MOONSHINER KILLED.

Another Mortally Wounded in a Battle With the Marshals.

Sergeant, Ky., Jan. 31.—As a party of six United States marshals were entering a lonely ravine in the flats of the Cumberland mountains, on Lower Elkhorh creek, where a still has been located, the moonshiners opened fire upon the officers, and a heated battle followed. Not until the ammunition of the moonshiners had been exhausted did they cease firing. Even when their leader, Henry Adams, known as "Bad Hen," was shot down, they incessantly kept up the fire. However, when hostilities ceased the officers found Henry Adams shot dead, a man named Hall mortally wounded, and from trails of blood leading into the mountain, it is known that one or more others were wounded. Adams served a seven-year term in the Kentucky penitentiary. He was in the recent engagement on Lower Elkhorh in which Alvin Centers was killed.

IN A RAILWAY CRASH.

The Conductor Pinioned and Cooked To Death.

Preston, Ky., Jan. 31.—In a freight wreck on the Chesapeake & Ohio road, Capt. Peter Miller, the conductor, was burned to death in view of scores of helpless onlookers. The caboose of the train, piloted by Miller beneath the wheels of the engine, was overturned on top of him and he was literally cooked to death. Edward Flynn, a brakeman, was horribly burned in an attempt to rescue Miller, but will recover. Capt. Miller's home was in Ashland, Ky. The body was taken to Lexington.

ON THE WAY TO PRISON.

Alleged Burglar Jumps From a Train, But Is Recaptured.

Louisville, Ky., Jan. 31.—On the way to the reformatory, John Behr, the leader of alleged burglars, jumped from the train. He was pursued by one of the deputies and after a chase of nearly two hours was recaptured in the rafters of a barn. Behr and his companions were finally placed behind the walls of the reformatory.

Want Attorney Sharp Impounded.

Frankfort, Ky., Jan. 31.—A delegation from Whitley county, headed by Henry H. Hines, William H. Hines and Prof. Woods, appeared before a caucus of republican legislators and urged that steps be taken by the legislature to repeal the act which authorizes J. N. Sharpe, of Whitley county.

Strike May Delay Printing.

Frankfort, Ky., Jan. 31.—The half dozen printers employed on legislative bills at the printing plant of George A. Lewis, were struck, after joining the Typographical union, and it is feared there will be further delay in printing bills for the two houses.

WON A BIG VICTORY.

National Banks Exempt From Taxation on Government Bonds.

Frankfort, Ky., Feb. 1.—The Kentucky National banks won a big victory in the court of appeals and it will likely result in a law being passed by the legislature that will provide a uniform way to tax the shares of both state and national banks. The case decided was the Marion National bank vs. Barton, sheriff, and the question was whether in fixing the value of the shares of stock in the bank for taxation the bank has the right to have deducted the amount of its government bonds from the amount of its state and national banks. National Banks Exempt From Taxation on Government Bonds.

Frankfort, Ky., Feb. 1.—The Kentucky National banks won a big victory in the court of appeals and it will likely result in a law being passed by the legislature that will provide a uniform way to tax the shares of both state and national banks. The case decided was the Marion National bank vs. Barton, sheriff, and the question was whether in fixing the value of the shares of stock in the bank for taxation the bank has the right to have deducted the amount of its government bonds from the amount of its state and national banks. PELLEYTON.

Mr. William Hobson, will start his hickory mill, here in a few days.

Mrs. Susie Zearbough, of Portland Indiana, arrived here a few days ago, and expects to make this her home.

Mr. Dock Corneal, of Springfield, Illinois, is visiting relatives at this place.

There is some prospects, of us having a new telephone line, from here to Knifley.

G. W. Rubarts, has recently bought out W. O. Pelley's, stock of drygoods, at this place.

Maggie Burton, daughter of Manerva C. Burton, died, at her home, near this place, the 22nd. She leaves a mother, one sister, and two brothers, and a number of relatives, to mourn her loss. She joined the Methodist church last October, and left good evidence, that she was ready to go to a better world. Funeral services were conducted by Rev. J. H. Powley, and her remains were placed at the Jones, graveyard. A large crowd attended the burial.

ROWE'S X ROADS.

The Oak Grove meeting closed with two conversions, two additions to the church and about the usual amount of bad order, such as whiskey, pistols, defacing windows and such as is common at the house of God these days.

Bro. Whitten and Bro. Ether-ton and wife are in a good meet-ing at Union Chapel, this week.

Mrs. A. C. Rogers, died last week: also Bryant Hadley, on Sand Lick.

Mrs. Susie Hadley is on the sick list this week.

John Voils has moved to Rus-sell Springs in order that his children may get the benefit of the school.

Bill Bailey is teaching a sing-ing school at Steve Antle's. He is a good teacher.

Mr. Dewey Elmore and Miss Hattie Irvin were married last week, at the home of the bride's father, in Wells Bottom, Rev. Chas. Dean officiating. We wish them a happy life.

Mrs. Emma Blakey has been confined to her home for a month with heart trouble.

CAVE VALLEY.

As my father is a subscriber of your excellent paper, and was born and reared in Adair county. We appreciate your paper, as we hear from our kinfolks in general.

My father butchered one of the largest hogs in this country, he weighed 700, pounds net, his head weighed 40 1/2 pounds. He is Duroc Jersey stock.

J. H. Morrison, sold to Lazurus & company, a mule, for \$140.

Joe Hodges, Hiserville, sold his crop of burley tobacco, four acres, for \$400.

Mumps, whooping cough, and pneumonia, is raging in this community.

This is a new year, 1905 has passed away, let us turn over a new leaf, and try and do better in 1906.

J. H. Morrison, has a fine crop of burley tobacco, 20,000 pounds, that he expects to market soon.

Mr. Horace Young, has La-Grippe, And his father is no better.

Mrs. Joe Willis, who has been

confined at home, with rheuma-tism, for some time is visiting her mother, at Garland.

I would enjoy a visit to Boom-er heights, about now, for I know I would get plenty of fat shoat, and turkey to eat.

Mr. L. C. Cabell, of Dunnville, visited at home last week.

Little Mary Young, is visiting her aunt, Mrs. Hettie Young, of Ozark, this week.

OBITUARY.

Last Thursday morning, Jan., 18, 1906, at the home of Mr. and Mrs. Finis Watson, near Fair-play, the angel of death came and claimed for its victim the spirit of little Lava Ellis and took it home to God. She was the only child, the idol of her parents and a bright lovely child. She was born Aug., 28, 1904. All was done that loving hands could do to relieve her suffering, but God in his mercy, saw fit to take her home to rest, where there is no sickness and dying and parting comes no more. We sat at her bedside and prayed that she might be relieved of her awful suffering till death came and re-leased her and folding her little hands up by the angels to live with Jesus forever. While it is hard for us to give up the darling one, let us look to Jesus and say "Thou doest all things well."

Although we miss her so much, her little voice we hear no more, let us so live that we will meet little Lava in a brighter world than this. God says "Suffer little children to come unto me and forbid them not for of such is the Kingdom of Heaven."

"Beautiful baby! Art thou sleeping? Ne'er to unclose that beaming eye, Deaf to the voice of a mother's weep-ing."

All unmoved by a father's sigh!"

"Mother, loved mother! I am not sleep-ing."

Father! look up to the soft blue sky, Where the glittering stars bright watch are keeping,

Singing and shining, there am I!"

A Loving Cousin,
ELLA PULLIAM.

Editor News:—

I enclose renewal for your valuable paper as I do not want to miss a single copy. Adair is my old home county, and we feel like we could hardly get along without the News. We keep up with our old friends and al-ways look for that good letter from Gradyville, to see what our old friend, W. M. W. has to say. I often think of the time when he and I with others, went pos-sum hunting. I would like to be back there mingling our voices together, and talk about by-gone days, but if we never meet on earth, I trust in the great beyond we will clasp each others hands. Love to all our old friends.

Editor News:—

I enclose \$3 which pays ar-rears, and advances my subscrip-tion to some future date I am not certain, but at any rate, give me credit and keep the paper coming. The News has been a welcome visitor and I feel that it must not stop.

I have been in Indian Territory for two years last September. This is a beautiful country, and will be a great state after awhile. We have a population of 700,000, good farming land as can be

found in the southwest, and up-to-date machinery and methods. Our railroad facilities are excel-lent, crossing the country in ev-ery direction, reaching the great markets of the West. Cotton is bringing a good price now, bring-ing 11cents in the lint or 3 1/2 in seed. Corn is worth 38 cents at the elevator, and about 125 loads per day for the last three months have been shipped from this place. Our town has five cotton gins, two elevators, one cotton seed oil mill, and all been busy since October. Wages are fairly good, \$1 per day on the farm and \$1.50 for other work. I hail from old Cumberland county, and am glad to read the many letters from different places in your paper. I sometimes read them and think I shall go back and see how things look in the good old home state. Success to the News and good wishes for all, I am respectfully,

T. W. NUNN.

ADAIR AND ADJOINING COUNTIES.

GRADYVILLE.

We have had fine farming weather for the past week.

L. S. Smith, of Burkesville, was with our stock men a few days of last week.

Mr. J. M. Hamilton, of Nell, was in our midst one day last week looking after grass seed.

J. C. Wooten, the well known mill man of Sparksville, was here last week and while here made a contract with J. A. Diddle to manufacture a large amount of lumber during the year.

Rev. W. H. C. Sandidge filled his regular appointment at Union last Sunday with a very interesting discourse.

Mr. J. J. Hunter spent a few days in Louisville last week in the tobacco market.

Mr. G. T. Flowers spent several days of last week at Fairplay with his relatives.

Messrs. W. B. Patteson and Ed Staples, of Columbia, spent a few hours in our community one night last week. You may guess at the rest.

The social at Cris Stephen's on last Saturday night was largely attended and the young folks had a delightful time.

A. T. Shirrell, one of our best citizens, has been confined to his room for several days with a complication of diseases.

Mrs. Mary Moss spent several days of last week visiting the family of Mr. Tho. Moss, near Nell.

We are glad to note that Mrs. C. S. Walkup, who has been confined to her room for several weeks with fever, is improving.

J. F. Pendleton was transacting business in Metcalfe county last week.

L. C. Hindman, who has had a long spell of typhoid fever, is improving fast and will be on the stage of action in a short time.

J. J. and Jo Hunter spent a few days with their brother at Bradfordsville last week.

Mr. George Metcalf, of Monticello, stopped over for night last Saturday at the Wilmore Hotel while enroute for Bowling Green.

He is representing the Hydro Carbon Lamp Lighting System, of Chicago. We must say this is certainly a great improvement on the question of light.

On last Friday night at the beautiful home of Mr. and Mrs. C. S. Bell over fifty of the society people of our town and community gathered in honor of Miss Mollie Caldwell, of Portland.

This gathering is what we country people call a pound party. At 9 o'clock sharp the dining room doors were spread wide open and a delightful repast was served of every thing that is good.

The young people whiled several hours away very pleasantly and the occasion will long be remembered by everyone present and especially by Strong Hill and Geo. H. Nell, as the creek was close by, they were conducted to the water and their toe nails are not off yet, as we have heard. It goes without saying that Mr. and Mrs. Bell know exactly how to make you feel pleasant at their home.

Colleton's Sea-Wall

makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, La Grippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at T. E. Paul's drug store. Price 50c and \$1.00. Trial bottle free.

HATCHER.

Revenue officers captured the noted illicit distillers, Kirt and Henry Bell and Will Aldridge, last Wednesday night. The capacity of the still was 165 gallons. There are a great many indictments against Kirt Bell and the law abiding public are pleased to know that Uncle Sam has taken charge of him.

Tony Buchanan, who lives in the western part of this county, had the misfortune to lose a large barn by fire Wednesday night. Eight head of horses perished in the flames besides a good deal of feed and many farming tools. The origin of the fire is not known.

Samuel Cappelock sold a good, four-year-old horse to W. D. Gaddie for \$175.

J. F. Campbell bought a three-year-old horse of W. S. Griffin, Cane Valley, for \$150.

The chief topic of conversation around here is the Dog tax law. Everyone approves the measure and the result will be more sheep.

Miss Benie Cox, of C-ville, has opened school here with very good attendance.

Rev. Wood Prescott, Elkhorn, will preach at Liberty Sunday.

Mont Stally, a 13-year-old son of Wm. Stally, left home last Saturday week, and has not

been heard from since. His people are of our best citizen, and they mourn his sudden departure.

Turner Bros., merchants at this place, are going to have a switch board put in with the Cumberland Telephone Company. It will add greatly to the convenience in sending local and long-distance messages.

Robt. Caldwell is teaching the high school at Mannsville. Prof. Caldwell is one of our leading educators.

Miss Ida Thorpe has been sick several days with cold.

Mr. Wm. May, of Los Angeles, California, is visiting in Adair this week.

Last week was ideal farming weather and most of our leading farmers are nearly through turning corn ground.

There have been a few plant beds prepared for sowing.

Mr. Geo. Smith is in Russell county this week to buy a span of mules.

Mr. Frank Manz and wife, of Ohio, are making an extended visit to their son, Mr. C. Mantz at C-ville.

Now and Then.

Some thorough and careful physician in his practice, some special medicine, that proves so universally successful whenever prescribed, that he proceeds to place it before the public to be reached through the newspapers. This is the history of Dr. Caldwell's (laxative) Syrup Pepsin. For years, prescribed by Dr. W. B. Caldwell for constipation, and all disorders of liver, stomach, and bowels, it was at last manufactured on a large, and is now the most successful medicine in the for these diseases. A pure, scientific tonic, laxative, syrup; pleasant to take and perfect in results. Try it. Sold by Dr. J. N. Page, of Columbia, and Page & Moore, of Cane Valley, at 50c and \$1.00. Money back if it fails.

The End Of The World.

of troubles that robbed E. H. Wolf, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They cured me of General Debility. Sure cure for all Stomach, Liver and Kidney complaints, Blood diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by T. E. Paul's drug store."

DENMARK.

Born to the wife of Taylor Sullivan, a fine girl, Jan. 28.

Messrs. Farris and Sullivan, traveling salesmen, called on us last Tuesday.

Allen Aaron, of this place, is building a fine dwelling.

B. F. Leach, of Creelsboro, was here this week.

Edward Aaron has been confined with gripe the past three weeks but is better now.

Elbert Rippetoe's little son, who has been sick, is much better.

Uncle Hudson Blankenship and little grandson were in Jamestown last week.

Wheat is looking real well for this time of year, and the prospects for a fine crop, good.

Cattle are selling at 31 cents and many of our farmers have disposed of their surplus stock.

Mr. Ben Lawless, this place, and a Miss Leach, daughter of James Helm, of Olga, were married last week. They will make their home in Missouri.

Twice Told Tales.

Some tales never lose in telling, and the tale of good that Dr. Caldwell's (laxative) Syrup Pepsin will, and does, to all poor, dyspeptic, bilious sufferers, is one of them. It positively relieves and cures all forms of indigestion, starts up the languid liver regulates the constipated bowels, and restores the entire system to a perfect condition of health. Try it. Sold by Dr. J. N. Page, of Columbia, and Page & Moore, of Cane Valley, at 50c and \$1.00. Money back if it fails.

Mr. Jackson, of Adair, has his mill in operation and enough timber brought to keep him here a year or more.

Joe Tucker, of Knifley, has moved here to work in the mill. We welcome him among us.

There is a protracted meeting being conducted by Rev. Fount Rainwater at Union church. We hope much good may be done.

John Curry and Wid Pennington were fined \$50 and \$23 and cost, respectively, for disturbing public worship. Papers are out for more of the boys who go to church to disturb others and if the good people will continue to have this bad element brought to justice we will soon enjoy the services without being disturbed. Let the good be done. Our efficient constable, Mr. Fed Austin, is to be commended for his prompt action in serving papers on this bad element and having them speedily tried.

In Self Defense.

Major Hamm, editor and manager of the constitutionalist, Eminence, Ky., when he was severely attacked, four years ago, by Filia, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of Burns, Sores, Cuts and Wounds. Price 25c at T. E. Paul's drug store.

I will sell at Public Auction on Thursday, the 15th day of February, 1906, at my farm one mile South of Glenfork, all of my personal property. I also have a good farm of 150 acres that I will sell cheap. W. E. COLLINS.

A Woman's Martingale.

It is too often our own fault, simply because she won't take sufficient trouble to try a medicine that so many thousands of women enthusiastically recommended, viz: Dr. Caldwell's (laxative) Syrup Pepsin. This bland, soothing, curative medicine, regulates disordered functions of stomach, liver, bowels, etc., and soon restores sick women to perfect health. Try it. Sold by Dr. J. N. Page, of Columbia, and Page & Moore, of Cane Valley, at 50c and \$1.00. Money back if it fails.
